## Answers to riddles

What has to be broken before you can use it? **An egg.**

I'm tall when I'm young, and I'm short when I'm old. What am I? **A candle.**

## Answer to the brain teaser

Which square was darker (A or B)?

They were actually both the same colour! It's a visual illusion generated by the brain where it uses contrast with surrounding objects to make sense of the surrounding world. In most situations using contrast works, but as you can see sometimes it can give your brain completely the wrong answer.
